

Annual Report to Parents and Carers about Special Educational Needs and/or Disabilities 2024-2025

Schools have a duty to report annually to all parents and carers on the provision for Special Educational Needs and/or Disabilities (SEND).

The Special Educational Needs and Disability Code of Practice: 0 to 25 years provides statutory guidance for organisations which work with and support children and young people who have Special Educational Needs and/or Disabilities

Under this Code of Practice, a child or young person has Special Educational Needs and Disability (SEND) if they have an additional learning need or disability which calls for special educational provision to be made for him or her. A child of compulsory school age or a young person has a learning difficulty or disability if he or she:

- has a significantly greater difficulty in learning than the majority of others of the same age, or
- has a disability which prevents or hinders him or her from making use of facilities of a kind generally provided for others of the same age in mainstream schools or mainstream post-16 institutions

For children aged two or more, Special Educational Needs provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

The Special Educational Needs Code of Practice lies at the heart of the Trust's SEND Policy and sets out the processes and procedures that all organisations should follow to meet the needs of children. It divides SEND in to four areas, however children can have needs in any number of these areas:

- Cognition and learning
- Communication and Interaction
- Social, emotional and mental health
- Sensory and/or physical

The support that is available for children with SEND is outlined in the school's Information Report, which can be found on hazelgrove.org.uk under the 'Parents and Carers; SEND; Policies and Useful Information' tab. This report provides comprehensive and accessible information about the support available to children and young people with SEND at Hazel Grove Primary.

Provision for children with SEND is based upon the school responding to each child's individual needs. All levels of provision follow an ongoing cycle of **'Assess, Plan, Do and Review'** in order to consider whether the provision is having the intended impact against the desirable outcomes for the individual child.

The SEND Code of Practice outlines a graduated approach to SEND in securing what is 'additional to' and 'different from' that which is available for all pupils and doing this as

part of the cycle of planning, teaching and assessing for all pupils. When a child is experiencing difficulties in making expected progress, we will provide additional support to enhance quality teaching.

Home School Partnership

If you are concerned that your child may have a Special Educational Need, please make an appointment to meet with your Class Teacher in the first instance. We fully appreciate that you know your child best and we will listen to your concern and then agree a way forward together. If your child's Class Teacher has concerns, they will contact you to discuss the matter and to put together strategies to support your child. At this point you will have an initial meeting; this may involve taking advice from the school's Special Educational Needs and Disabilities Co-Ordinator (SENDCo).

In-School Support and Monitoring

Pupils with identified Special Educational Needs and Disabilities are identified and supported in a range of ways at Hazel Grove Primary:

- **Initial Identification**

This category allows the school to identify children who teachers and/or parents have concerns about in any of the four areas of the Code of Practice. Once identified, the progress of these children is monitored more closely so that we can respond to their needs quickly. Recommendations are made by the SENDCo ensure the curriculum is appropriately adapted and the learning environment is suitable. Consideration is then given for the need for targeted intervention. The support/intervention may be for a short period of time during the course of the year, but is in addition to that of their peers.

- **School Focus Plans (SFPs)**

These are used in a process of 'Assess, Plan, Do and Review' to target additional support that will help a child make progress. Specialist advice may be sought to provide strategies to support learning. Typically, children who receive up to 12 hours a week of additional support will have their progress tracked on an SFP.

- **Education Health Care Plans (EHCPs)**

EHCPs support children who require the highest level of support. The plan seeks the advice of specialists such as Educational Psychologists, Health Care professionals and Speech and Language experts. It outlines annual outcomes for the child based around the four areas of need outlined by the Code of Practice.

Policy

The SEND Policy is formally reviewed by the Laurus Trust every 3 years. It was last reviewed in the Summer Term of 2022. It is available on the school's website.

SENDCo

The school SENDCo is Jen Thirlaway, who reports to the Senior Leadership Team.

SEND Link Governor

The SEND Link Governor is Mark Saxon.

Number of pupils with SEND at Hazel Grove Primary

Category	2022-2023	2023-2024	2024-2025
Education Health Care Plan	9	12	10
SEND Support	78	82	73
Total	78	82	73

Annual Review

The children who have an EHCP contribute to their annual review by answering a series of questions which are documented alongside the views of their parents and teachers. Annual EHCP meetings take place with support from the Local Authority EHCP Co-Ordinator. Parents, teachers and The Local Authority are invited to attend review meetings. Where appropriate, other external professionals are invited to attend the meeting or to provide the contributing reports.

Progress of pupils with SEND

The progress of pupils with SEND is reviewed on an individual basis during termly Pupil Progress Review Meetings and at School Focus Plan Reviews which are typically held every term. In some instances, PIVATS (Performance Indicators for Valued Assessment Target Setting) are used to measure the progress of pupils whose progress cannot be measured meaningfully in relation to the National Curriculum interim frameworks.

Deployment of staff and resources

We are continually reviewing how we deploy our Learning Support Assistants (LSAs) and how best to use this most valuable asset. LSAs provide different types of support depending on each child's individual needs. This ranges from individual/group support in class to targeted interventions and social skills support. Children who need additional provision are supported through a programme of individual, targeted and universal support, led by the individual needs of the child. Interventions include FFT Phonics Interventions, Maths interventions, Nessy Learning Programme, WELLCOMM, Precision Teaching, Paired Reading, SNIP and Stockport Early Reading Intervention (SERI). These interventions are delivered by specifically trained members of staff.

Staff work closely with the SENDCo to provide support for children with pastoral and social, emotional and mental health needs.

External Agencies

Hazel Grove Primary has developed good relationships with several external agencies through the Local Authority. We liaise with Speech and Language Therapy: we currently buy-in additional speech and language support. Child and Adolescent Mental Health Service (CAMHS) through the MASSH Portal. We work alongside the Inclusion Team, support from Complex Inclusion and school nurse.

Transfer to Secondary School

We liaise very closely with schools within the local area to ensure a robust transition for all our Year 6 children. We recognise that children with SEND can need additional support in transition to a new school setting and work hard to ensure that the children are ready for the change. This involves additional visits, extra meetings with new Teachers and Learning Support Assistants where appropriate. In addition, our SENDCo meets with the SENDCo's at each school to pass on vital information about our SEN children and other vulnerable pupils.

Staff Development

We encourage all staff to continue their professional development throughout their career with us. The SENDCo attends relevant training and in turn delivers any relevant/ subsequent training to the school staff. There are training opportunities available through the Laurus Trust. Learning Support Assistants are trained both in-house and by attending relevant courses. We work very closely with other staff within the Laurus Trust to provide comprehensive training for our staff.

Equality, Disability and Accessibility

Hazel Grove Primary has a Disability Equality Scheme and Accessibility Plan. This was reviewed in July 2018 the Accessibility Plan is available on the school's website.

The Equality Policy was reviewed in June 2020. This is a Trust Equality Policy; school specific equality duty objectives are published and are on the school website in line with statutory requirements.

All staff at Hazel Grove Primary recognise the importance of the Equality Act 2010. This legislation places specific duties on schools, settings and providers including the duty not to discriminate, harass or victimise a child or adult linked to a protected characteristic defined in the Equality Act, and to make 'reasonable adjustments' to ensure equal opportunities.

The Equality Act 2010 definition of disability is: "A person has a disability for the purposes of this Act if (s)he has a physical or mental impairment which has a substantial and long-term adverse effect on her/his ability to carry out normal day-to-day activities."

Section 1 (1) Disability Discrimination Act 1995: Our school is committed to making reasonable adjustments to ensure participation of all children, including those with SEND, within the curriculum and with extra-curricular activities.

Queries and Concerns

Any queries/ concerns about SEND provision should be raised with your child's Class Teacher in the first instance. If your concern is not resolved we would recommend contacting the Head of School. If you remain unsatisfied you can follow our Trust Complaints Procedure which is available at www.laurustrust.co.uk.

If you have any questions about the content of this report, please contact the SENDCo or SEND Governor through the School Office.
